It would be Carter Jessop, but last I heard Jared wanted to be informed of and take all calls on Rosemont.

Margot –

Who would be the best people to reach out to to provide a status update from EPA on the permitting and EIS work at Rosemont? I know you have done some recent calls with the press on this issue. Please let me know. Thanks.

Hi Brent,

Our office is monitoring the progress of the proposed Rosemont Copper Mine in southern Arizona located on the Coronado National Forest.

Sometime next week, can you provide me with a status update on where EPA is on the permitting and EIS work? Thanks sir.
